

# The Western Zodiac

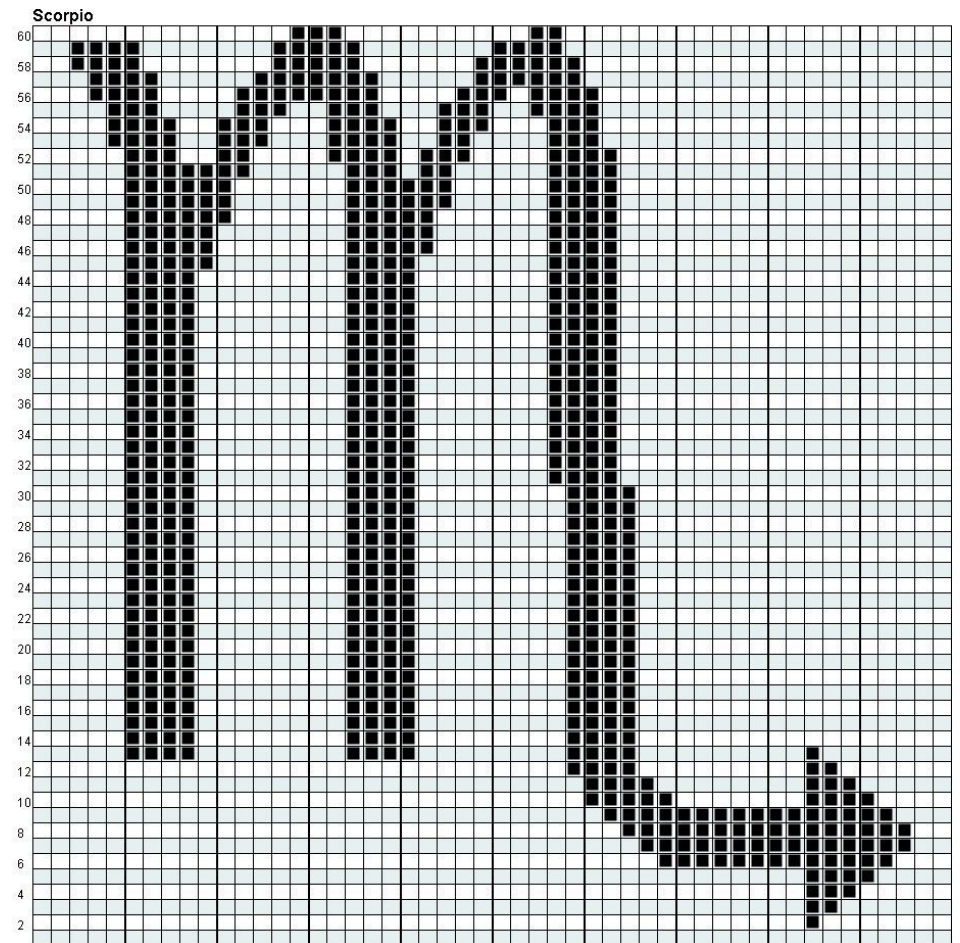

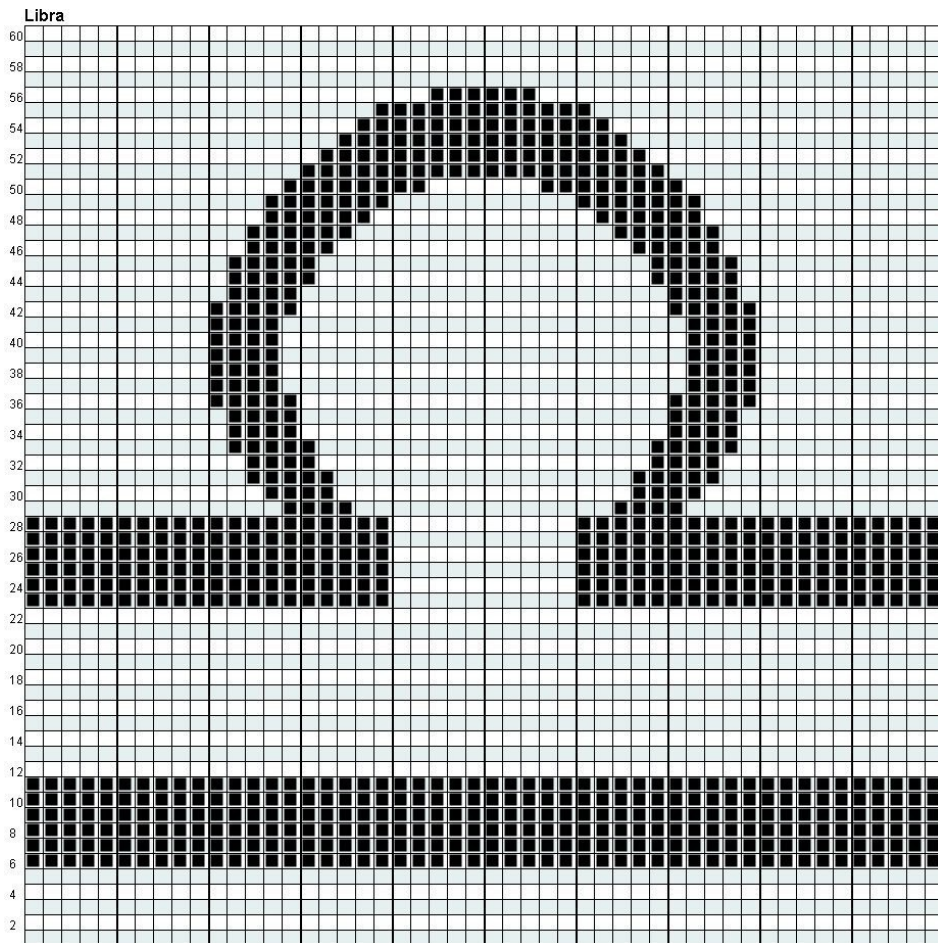

Gauge: 20 sts by 24 rows on #9s

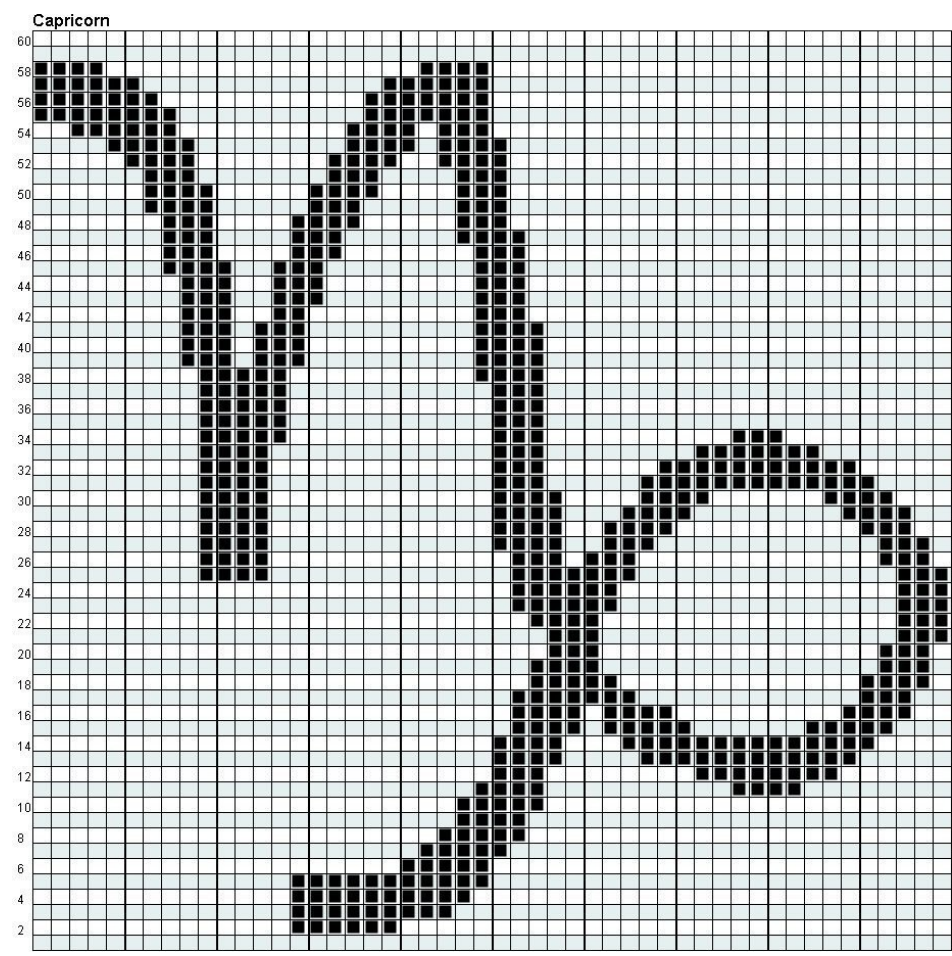

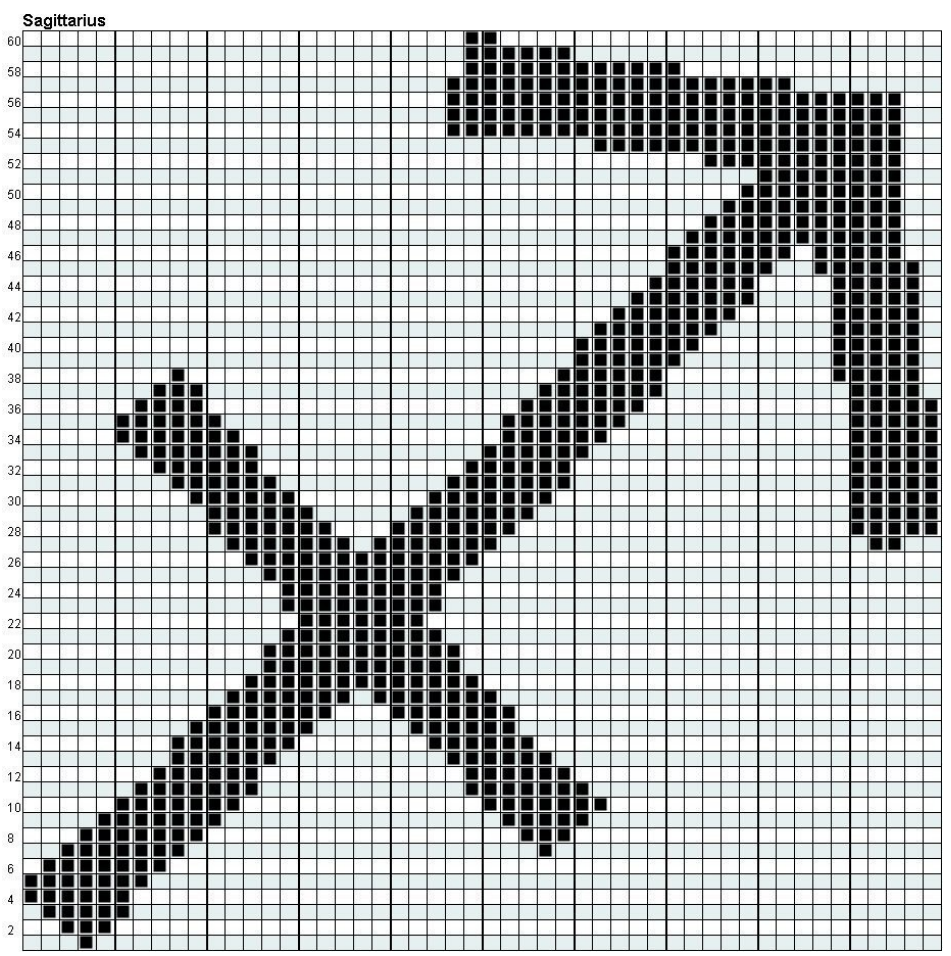

The Western Zodiac charts are in scale with each other; while the charts seem to be different sizes, the largest side for each is the same length. All charts are 50 sts by 60 rows and the image is centered on that chart; the idea was that all the charts would be needed, and to have them in relation to each other.

These charts are licensed under a [Creative Commons Attribution-NonCommercial-ShareAlike 3.0 United States License](https://creativecommons.org/licenses/by-nc-sa/3.0/). to S. Ann Ran; you may use them however you would like for personal use, modify and distribute those mods for personal use, but nothing commercial for the original or derivatives.
